

A STITCH IN TIME SAVES 9

Music & Lyrics & Arr: C. Karlsson, M. Lenngren, S. Hjellström, Browsing Collection

Verse 1:

What is happening have I had closed eyes
Or have the world just had enough
Our breath is now in countdown to stop
The air is no longer what it used to be
Blue color is grey by us
And I ask, how hard could it be

Chorus:

A problem that embraces everyone
A choking problem that will kill us all
You think it's just one of those things
But here's the fucking truth
A stitch in time saves nine and this will be our kiss of death

Verse 2:

All those stupid numbers do you really think
'Cause there will be no change at all
Until we act and not just a few
The years will pass, the day will come
It's too late now, it's too late
And I ask, how hard could it be
