

ALL I WANT IS ROCK N' ROLL

Music & Lyrics: M. Lenngren, Browsing Collection

Verse 1:

You got me under your spell
But now I'm afraid of the world
The reasons you'll never tell
No, not a single word

Everything seemed so right
But now I'm afraid of the world
Now I want ya out of my sight
Yeah you heard, you heard me

Chorus:

All I want is rock n' roll
You took my dreams away
You left me without a goal
You took everything from me
All I want is rock n' roll
I've got nothing left to say
You left me without a goal
And you took my soul away

Verse 2:

The lies were covered well
And now I'm afraid of the world
You didn't catch me when I fell
You didn't know what I preferred

From admire to deceive
From the day it all began
I can't stay, I must leave
I wish I knew better
