

AS THE POINT OF THIS FADES OUT (TAKE ME AWAY)

Music & Lyrics & Arr: C. Karlsson, M. Lenngren, Browsing Collection

Chorus:

Take me away, I don't wanna stay
Show me the way to a better place
I dream each day that you'll come to me
So come on, come on, come on take me away
Don't tell me the course, I don't wanna know
Just show me the way that I'm gonna go
I dream each day that you'll come to me
So come on, come on, come on take me away

Verse 1:

Don't you ever feel like breaking out
Exploring the world in front of you
You're wasting our time on sitting staring out
Wondering what to do
Open your eyes and inspect what you see
I'll be waiting for you

Verse 2:

You're just passing by me every time
As the point of this fades out
You can not believe how it feels to be seen
Like I'm always there
But one day I won't and maybe you'll care
Or you'll just sit there and stare
