

NO MORE!

Music & Lyrics & Arr: C. Karlsson, M. Lenngren, S. Hjellström, Browsing Collection

Intro:

How do you like that, what do you want now, everything for you
When do you want it, how can I get it, what more can I do

Verse 1:

Write it down so I get it right, show me in slow motion
Play it loud on the radio now, let me know in every way

Pre-chorus:

It's all about sacrifice
It's all about all the lies I get
It's all about sacrifice

Chorus:

No more! Of your satisfaction
No more! No I won't accept it
No more! I'm so tired of this
Go and get it if you want it
I won't do it any longer

Verse 2:

You're sitting there with a tired face, why don't you ever thank me
And after all, after all these days, how do you dare to walk away
