

TAKE IT OR LEAVE IT

Music & Lyrics: C. Karlsson, M. Lenngren, S. Hjellström, Browsing Collection

Chorus:

Take it or leave it
Make it and mean it
Don't go there and fake it
'Cause soon you will break it
Hate me or love me
Destroy or deserve me
It's time to see what you've got
Before it all slips away

Verse 1:

You don't care, no
I don't care, no, any longer
You don't care, no
I don't care, no, I quit fighting long ago
(I quit fighting)
'Cause you should know
Yeah you should know

Pre-Chorus:

Trying, failing
I'm not staying

Verse 2:

Now it's over, we are over
It is over
It's too late to choose another
Way to go 'cause there's no option
(way out of here)
You should know
Yeah you should know
